In Dedication

This school is and has been many things, some of them bad, most of them good, but all of them *ours*. And because these things are ours, and because they are real, they are important, maybe not earth-shaking, but important. The purpose of this annual is to try to be a mirror. A magical glass in which we can see not only what was, but what almost was, or maybe even what just might have been. This annual, like this school, is the students, and it is an expression of the personality of the student body. Life, such as ours, can not be captured between covers of a book or put into words. This is merely a shadow of us, but we can look at it and remember. This is the last annual that will ever be printed at Wampee, and therefore it is only fitting that it be dedicated to you, *the students*, and to *the school* which we all love.

The Faculty

Day in and day out a group of individuals work at, what can be, at the same time, one of the most thankless and one of the most rewarding of jobs. Between badgering and being badgered by students, popping excedrin and drinking coffee; our teachers perform the primary and most important job in our school. The ritual to learning is both long and complicated, and every student knows firsthand the job that our teachers do, both to and for them. When a student enters Wampee he is little more than a child. When he leaves he is a scholar. Our teachers are the catalyst that effects this change. They do their job well.

Seniors

Seniors

The senior class, what is it? It's a group of young women and men who have cared enough about themselves and the world they are going to live in to stick out four years of high school and get an education. Wampee has provided them the opportunity. By the same token, they, as students, have given Wampee something. Without its students Wampee would not be more than a group of empty buildings. They have given it life and lots of it.

Hodie Wampus Cras Terram

"Hodie Wampus, Cras Terram." We've said it loud and often. Some of you people are probably sick of it, but what does it really mean? On the surface it's Latin for, "Today Wampee, Tomorrow the World." Kind of pompous, eh? Well, of course, Seniors are always pompous, aren't they? But wait a second, let's look

below the surface and see what it really means. A wise man (no, he wasn't a member of the Class of '70) once said that the only way to prepare for life is to live it. That's what we've been doing with our today at Wampee, living, preparing for tomorrow.

Underclassmen

Juniors, The Class Of 1971

SPONSORS: Mr. Don Morrell, Mr. Joe Holmes.

Though constantly causing confusion with their wild antics, the Juniors still walk proudly as the Class of "71".

By giving many long hours of work to the project of the famous Junior-Senior Trip they upheld the fine tradition of previous years, and made this year's trip one of the best ever held.

The Juniors are proud of Wampee and of what it has given them. The sentiments of the Juniors toward Wampee can probably be stated best in the words of one member of the Class of "71," "What a year, what a school, it's been great!"

Organizations

The Dirty Dozen And Sponsor

In the beginning there was Chaos. And out of Chaos slowly emerged order, at least part of the time anyway. From a swirling mass of pictures, enough copy to fill an encyclopedia, and the minds of a dozen dedicated free thinkers, emerged this annual. Long hours of work, unlimited thought, and all the ingenuity we could muster was poured into these pages to

make this the best and most memorable annual possible. When to be unconventional, when to preserve tradition, what picture to put here or there, or how to best represent an organization; all of these are questions we had to ask ourselves and decide on. We can only hope that we've made the right choices.

Where There's Smoke, There's Fire . . .

On any given day it is possible to find newspaper staff members busily writing articles, picking up bits of news, or taking baths in correction fluid. The newspaper staff performs a vital service to their school and to you the students. Periodically they provide us with an interesting and entertaining newspaper about the school. What is probably most important is that in the process of making the paper they stir up school spirit and interest in our important problems. We owe them a debt of gratitude.

Student

In 1966 Wampee High School began their first Student Council in seven years. In its four years the Student Council has made great strides in the exercise of student democracy, in school spirit, and in student-faculty relationships. Tangible evidence of the Student Council's accomplishments are: our valued break between fifth and sixth periods, our student canteen in the gym (the only one in our county), and our great

Council

movies during activity period. The Student Council is not content to rest on its laurels, however. Presently they are working on many projects, the most notable of which is their attempt to give us an indoor smoking area. We are proud of our fine Student Council and of the great job that they do for our school and for us.

SPONSORS: Henry L. Ingram; Little Joe Van Faussien.

Sponsor: Miss Trotti

Honor Society

In the strictest sense the National Honor Society is the most important club in our school. Honor Society membership is determined by excellence and achievement in Scholarship, Leadership, Service, and Character. These are the characteristics which determine the success of our students in later life. The members of the Honor Society are Wampee's successes, those who have worked hard and well. Let's give 'em a hand, they deserve it.

Junior National Honor Society

Scholarship, Leadership, Service, and Character are the qualifications for membership in the Junior National Honor Society. Careful consideration is given to all applicants for membership. Only those fulfilling all the requirements to a high degree are allowed the privilege and honor of membership.

Fulfilling their station as a service organization the Junior Honor Society performs many important tasks. Among these are the daily raising and lowering of the flag and the sale of the community birthday calendar.

Books, Books, And More Books . . .

The Library Club consists of students who give up valuable study hall time to work in the library. The students check out books, file cards, check in books, and many other invaluable services. Under the expert guidance of Miss Trotti, these helpers give the student body excellent aid in obtaining materials from the library.

Science Club

It is evident that nothing is capable of putting a damper on a Science Club Members' spirit . . . nothing . . . even a flat tire . . . broken transmission . . . nothing. This year has been one of the best in the club's history; the reason, participation on the members part.

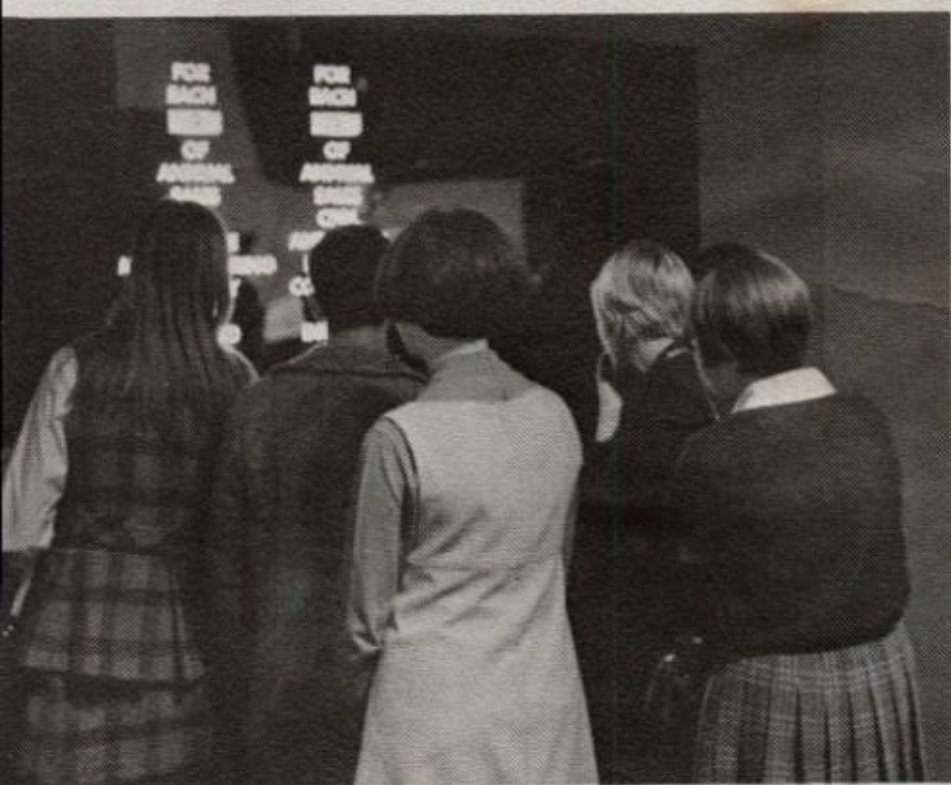

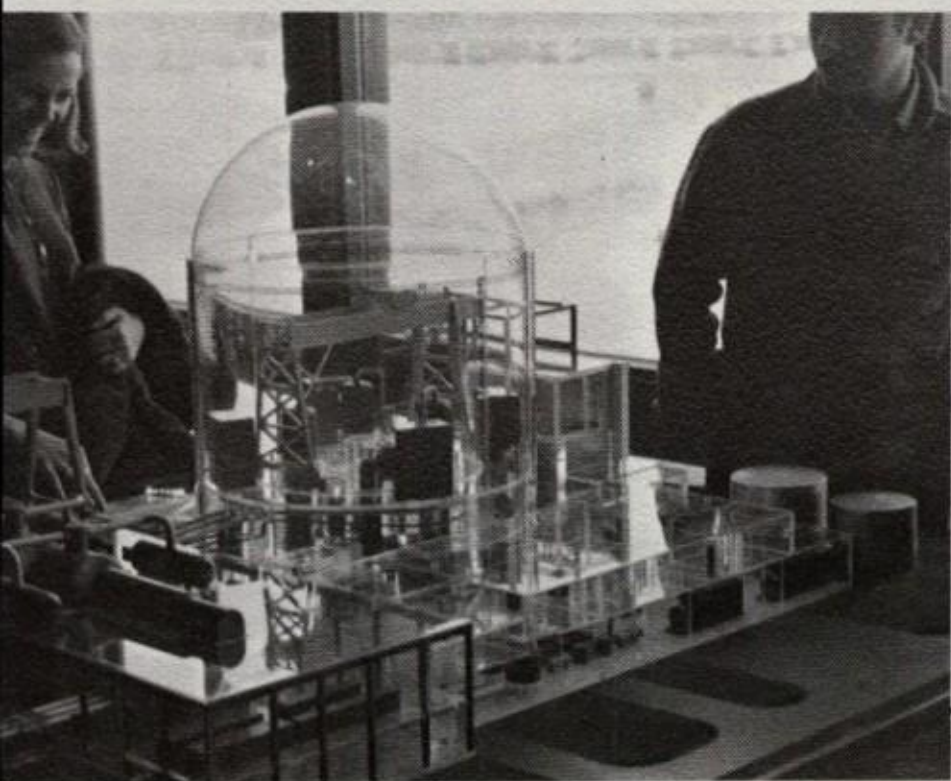

In this final year of the club's existence at Wampee, we would like to express our appreciation to our most loyal and interested member, Mrs. Holmes. True, Mrs. Holmes is our sponsor, but we feel she is actually a member and would like to take this opportunity to say a long overdue THANK YOU for your years of service.

Neither rain, nor snow, nor screaming students shall keep the bus driver from his appointed duties. Without our bus drivers our school would grind to a stop. Underpaid and overworked, our great bus drivers trudge on under the excellent supervision of Mr. Joe Van Faussien.

Give Me A "W"

The Pep Club is essentially a bunch of yelling screaming maniacs who sacrifice their vocal chords for the noble cause of school spirit and good old Wampus Tech. They cheer our teams on to victory and stand by them in defeat. If the spirit of the Pep Club could be compressed into one sentence it could probably be best said in the familiar words: "We're from Wampee couldn't be prouder, if you can't hear us we'll yell a little louder!! We're from Wampee . . ."

Game-in, Game-out, our never-say-die cheerleaders are there leading the school in boisterous shouts of spirit. Wampee's Fighting Indians, 1970 Style

CAPTAINS: Timmie Edge, Donald Edge

Coaches Joe VanFaussien and Dave Dickson give pregame advice to Mack Neeves.

On the seventh of August, Wampee football hopefuls began working twice a week to prepare for our eight game schedule. With the loss of eleven seniors from a team that went to the state semi-finals, it was definitely a rebuilding year for the Indians. The club contained only five or six boys who had seen action in the ranks of high school football.

With the loss of these seniors and the seemingly unconquerable schedule, defeat was bitter; however, this made the team come fighting, more determined than ever. This group of dedicated boys worked hard and finished with a 3 wins, 4 losses, and 1 tie record. In these four losses, never once did our team give up or admit defeat until the final play had been played and the last second passed. We are proud of our team, their spirit, and their enthusiasm.

Runner-Up 7-A Conference

A TROPHY!!!

The honors in basketball at Wampee were reserved for the girls' basketball team in 1970. Practice and hard work began on November 3, 1969, with team members displaying more conscientious dedication and selfsacrifice. The girls' basketball team earned a 12-7 record for the season, finishing as runner-up of the 7-A Conference Tournament — a fitting exit for the Wampee girls' basketball team.

These accomplishments were the best for the girls' team in many years. From this super team graduate five very good players: Connie Chestnut, Gretchen Lewis, Linda Lewis, Sissy Livingston, and Nancy Moore.

We, the members of the girls basketball team, would like to thank Coach Joe Van Faussien for his leadership and encouragement over the past two years which led us to this trophy.

J. V. Basketball, First Year For Girls

Left to Right: Diane Owens, Wendy Siceloff, Kay Holmes, Angela Todd, Kay Barnhill, Donita Livingston, Wendy Willard, Debbie Brown, Peggy Taylor.

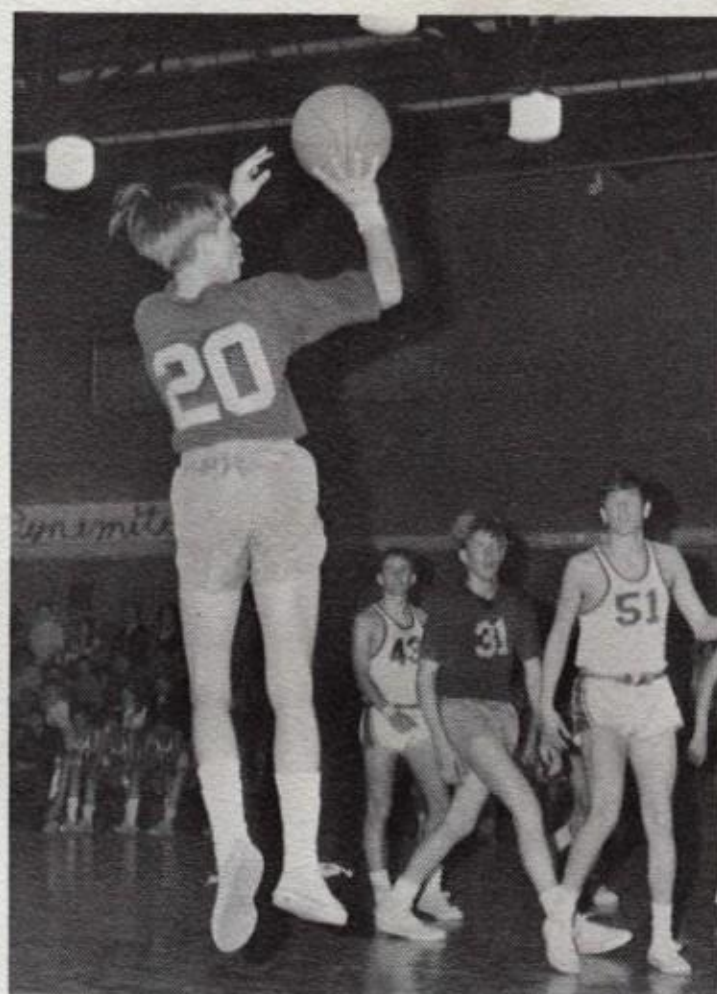

This is the first year that Wampee has had a Girls J. V. Basketball team. The main reason was that there was so much interest shown in the junior high and ninth grade. Although these girls didn't get started until late in the season, they still went to practice and showed their enthusiasm. These girls will be better prepared for the coming years with the little experience that they had this year.

Coach Joe Van Faussien.

The Wampee Nine

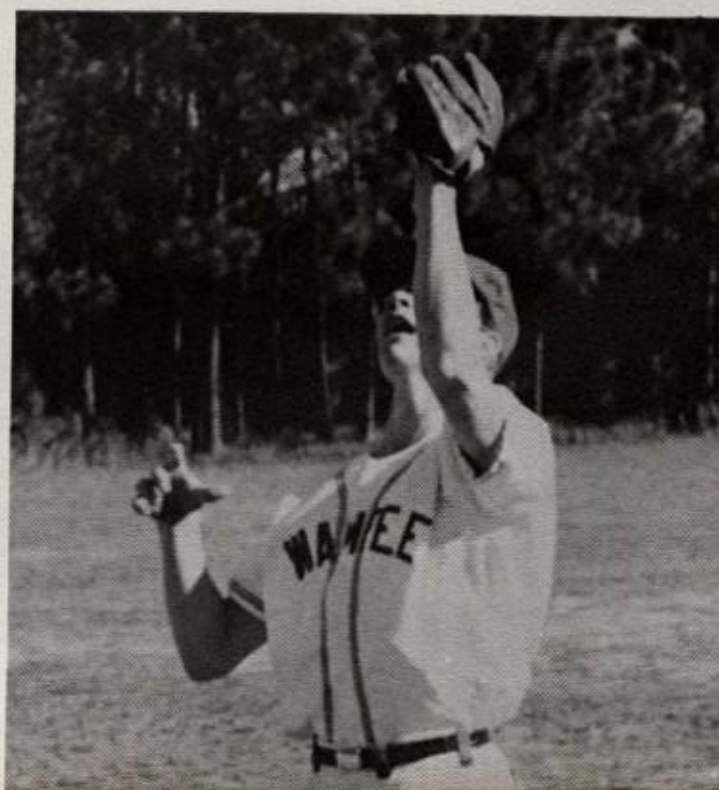

In 1969 Wampee's baseball team captured the conference title hands down. Our school is proud of the job they have done and their accomplishments.

In baseball no one man can be singled out for his efforts, everything that is done is the team's doings. For this reason thanks for participation are extended not to each player but to the whole team; from waterboy to the coach himself . . . a team.

Joe Van Faussien,
Sponsor.

The Course Kings

After placing first in the conference and fifth in the state in 1969, Wampee's Sinister Six (better known as the first unit) trek out for a try at becoming the first team to repeat as conference champions. With four of the starting six returning and a good nucleus to work with, their goals appear to be at hand. Under the excellent supervision of Dave Dickson and Don Morrell, the golf team swings on to victory to bring the winner's laurels home to Wampee.

Fleet - Footed Indians

Run, Boy, Run . . . Around the field, say 30 times, and then . . . run some more. 1969 was the first year that Wampee has ever had a track team. True, there was only one contest to challenge our competitors, but his showed the spirit and determination of our team. All players as well as coaches are to be congratulated.

Hall Of Fame

The Hall of Fame is a group of outstanding Seniors who have been chosen by their fellow classmates to be recognized for their achievements. Hall of Fame members are chosen for such categories as: academic achievement, leadership, service, character, athletics, and personality. Some of these Seniors, in fact many of them, have been selected for more than one category indicating their well rounded activities and achievements.

Nancy Moore has served her school to the best of her abilities in the past as a member of the Wampee Basketball team. She has such other honors as Cheerleader in the ninth grade, Block "W", Newspaper typist, Secretary of the Junior Class, Treasurer of the Science Club in both her Senior and Junior years, and typist of the Annual in her Senior year.

When you think of a true friend, you think of someone who is both honest and dependable. The Senior Class feels we have found a true friend in Nancy. Nancy's truthfulness and reliability have won her the honor of the Senior Hall of Fame.

Each year the Senior Class nominates three of its most outstanding male students on the basis of scholastic excellence, school spirit, leadership, and personality. The faculty votes on these nominations and selects Wampee's King Teen. The King Teen competition is sponsored by Wofford College and the winner is eligible for a scholarship grant from that college. This year's King Teen is Eddie Coffey. Eddie personifies the qualities of a King Teen. Throughout his high school years, Eddie has taken part in virtually every activity at Wampee. We don't know what the future holds, but if Eddie continues as he has he will really be worthy of the title, King Teen.

Football and basketball, who do these sports bring to mind? Timmie Edge, a classic example of hard work and spirit. Timmie is the kind of guy who's not just satisfied with watching, he has to participate. Timmie has been playing varsity sports for his entire high school career. Perhaps it is not correct to say that Timmie plays, when Timmie is on the field or court he works, and works hard. For his drive and desire Timmie has won the admiration and respect of his teammates and classmates. Most recently, he was elected to the All-Conference football team. It is only fitting that he also be placed in this, the Hall of Fame.

Ability is not the only component of a good athlete. Drive, desire, and spirit are just as, or even more important to play, than the native ability of the individual. Nobody, on any team, plays harder or with more spirit than Sissy Livingston. Sissy is the type of player that people go to see at a game. While she is on the court, she pours everything she has into the game. Off of the court, Sissy is friendly and unopposing, belying her ferocity in basketball. Sissy has helped lead our girls basketball team to wins precluding the capture of this year's Runner-up Conference 7-A Trophy. Sissy is more than a great competitor, she is a great person.

Ever walk down the walk way, bend over to pick up your books and suddenly be greeted by a cheery hello? Chances are you have, and upon looking up, you find the warm smile of Amanda Gore. Amanda, no matter how busy, can always find time to greet a fellow classmate. She is active in FHA, Science Club, Block "W", and Head Cheerleader. In all of these she has served her school well, especially cheerleading. It is she who has to see that Pep Rallies, as well as games, come off with perfection. She has been faced with a lot of problems this year but still has come up shining, such is the mark of a true friend.

The main purpose of a school is to teach. The duty of the student is to take advantage of the knowledge offered by the school. However, this does not mean that a school should be a monastery with its cloistered walls and silent monks. Eddie Coffey is an example of a student who can work hard and still retain a warm personality and a supreme good humor in the face of a tough work load. Eddie ranks in the top five of the Senior Class. His laugh and warm smile are familiar landmarks around school.

One of the many ways in which a student is recognized by her fellow students is by her service to her school. Marcia Bellamy has compiled an impressive record of service during her years at Wampee. During her freshman year she served as the FHA Chairman of Recreation; as a sophomore she acted as Secretary of the Student Council; and as a junior she served as FHA Reporter. Presently she represents both her school and her state as State FHA President. Marcia has also taken part in every other major activity at Wampee, the school where she is proud to be a member.

High standards of character, and dedication to study, are excellent credentials for any person. Herman Holmes personifies the best in both of these categories. Throughout his high school career Herman has maintained an excellent scholastic average and was his class Head Marshal at last year's graduation. Herman scored high on both his SAT and National Merit Scholarship tests.

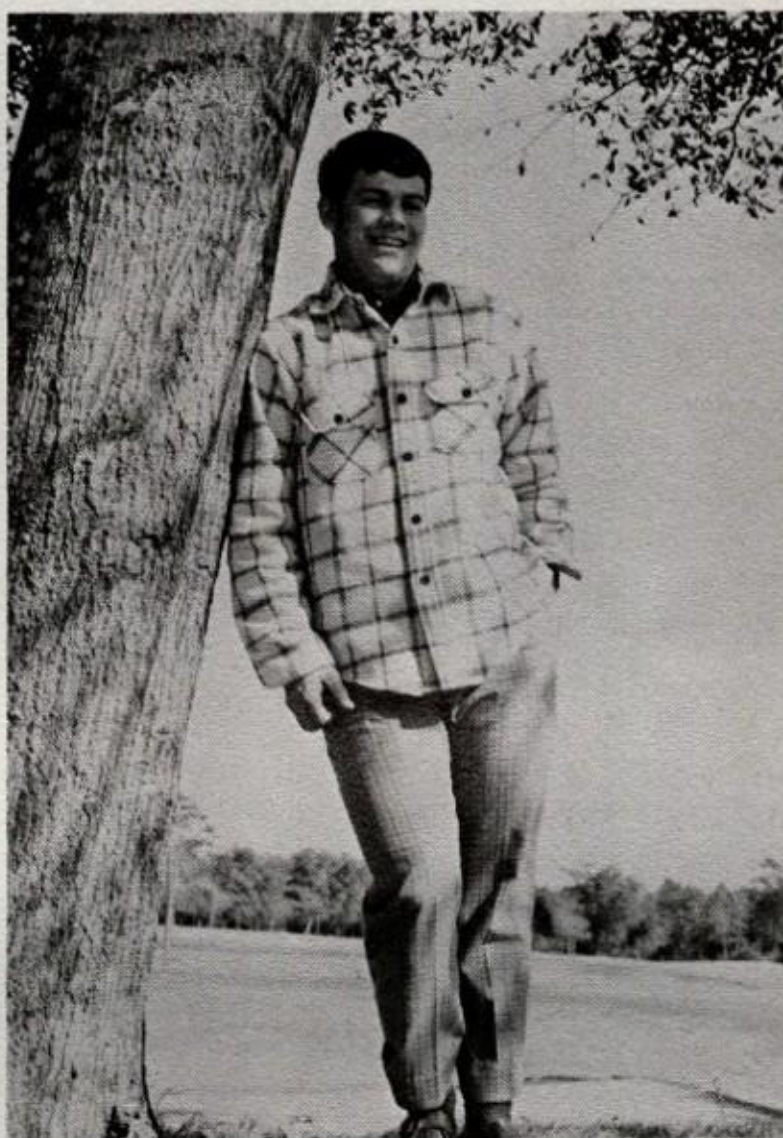

Unlike most people, Herman doesn't speak unless he has something to say, but when he does it's usually worth listening to. Herman embodies honesty and integrity in everything he says and does, and Wampee is rightly proud to have him as a representative to the outside world.

No matter how gloomy a morning may start off, one cheering note is always sure to be heard around the middle of first period. This is when Myra Joyner flies in with the absentee list. Her cheerful smile and warm laugh are capable of brightening the worst day or the blackest mood. Myra is always willing to help her friends in any way possible, and this is probably the reason you usually find her in the role of peacemaker. Myra is always jovial and friendly, and she is a welcome sight in the smoking area bumming cigarettes, or in the gym bumming a drink. She always seems to carry a ray of sunshine with her wherever she goes and uses it to brighten the people around her.

Look around the campus and listen for something to be said about "last night's game" and chances are Donald Edge is doing the talking. Don is one of Wampee's most sports-minded persons. He has played football and baseball throughout his high school years and has played well. Donald has been selected for the title of All-Conference Linebacker in his senior year. In basketball he is not far behind. He played the game in both his junior and senior years. For his athletic abilities Donald is a member of the Senior Hall of Fame, an honor he so well deserves.

"Rather to be small and shed a light than big and cast a shadow." These words express the personality of Sue Thompson. Her warmth and friendliness make her a favorite wherever she goes. And her friends include almost everyone. Under her unimposing but lovely exterior beats a heart of purest gold. Her high standards are an example to her friends and a source of pride to their parents. She is a member of many school clubs in which she takes an active part. Sue loves music and plays the piano with the same purity and grace that she does everything else. Beauty, character, talent, and personality, it's hard to believe that all of these traits could exist in such an excellent molding of one person.

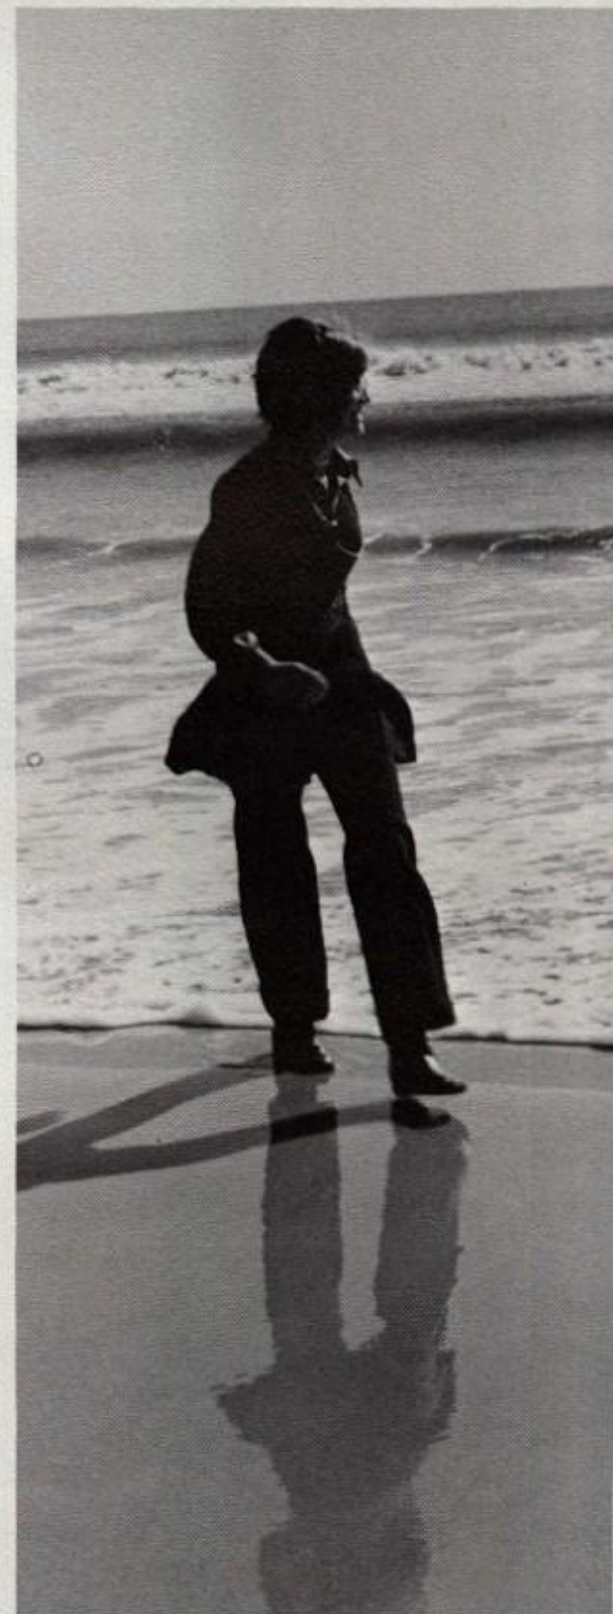

Of all the aspects of school life scholastic achievement is one of the most important. Jimmy Collins, besides being active in many extracurricular activities which include the National Honor Society, Annual Staff and football, has maintained a high scholastic average throughout his six years at Wampee. His membership in the Beta Club and then the National Honor Society during all of those six years shows his academic achievements. During his Senior year, Jimmy was chosen as "Star Student" and a National Merit Scholarship Finalist, the first one in Wampee's history. Jimmy sets high goals and standards for himself and meets these ambitiously. Such qualities have deservedly placed him in the Senior Hall of Fame.

There are many things which go to make a person a leader. Breck Todd embodies many leadership qualities. During his junior year, he was Junior Class President, Student Council member, and a member of the Annual Staff. In Breck's senior year, he was Vice-President of the Senior Class, and Editor-in-Chief of the *Smoke Signals*. He has been a member of the National Honor Society, where he was treasurer for two years, since its formation. Breck also participates actively in many other clubs. Despite his many activities, he maintains a high scholastic average and is never too busy to help a friend.

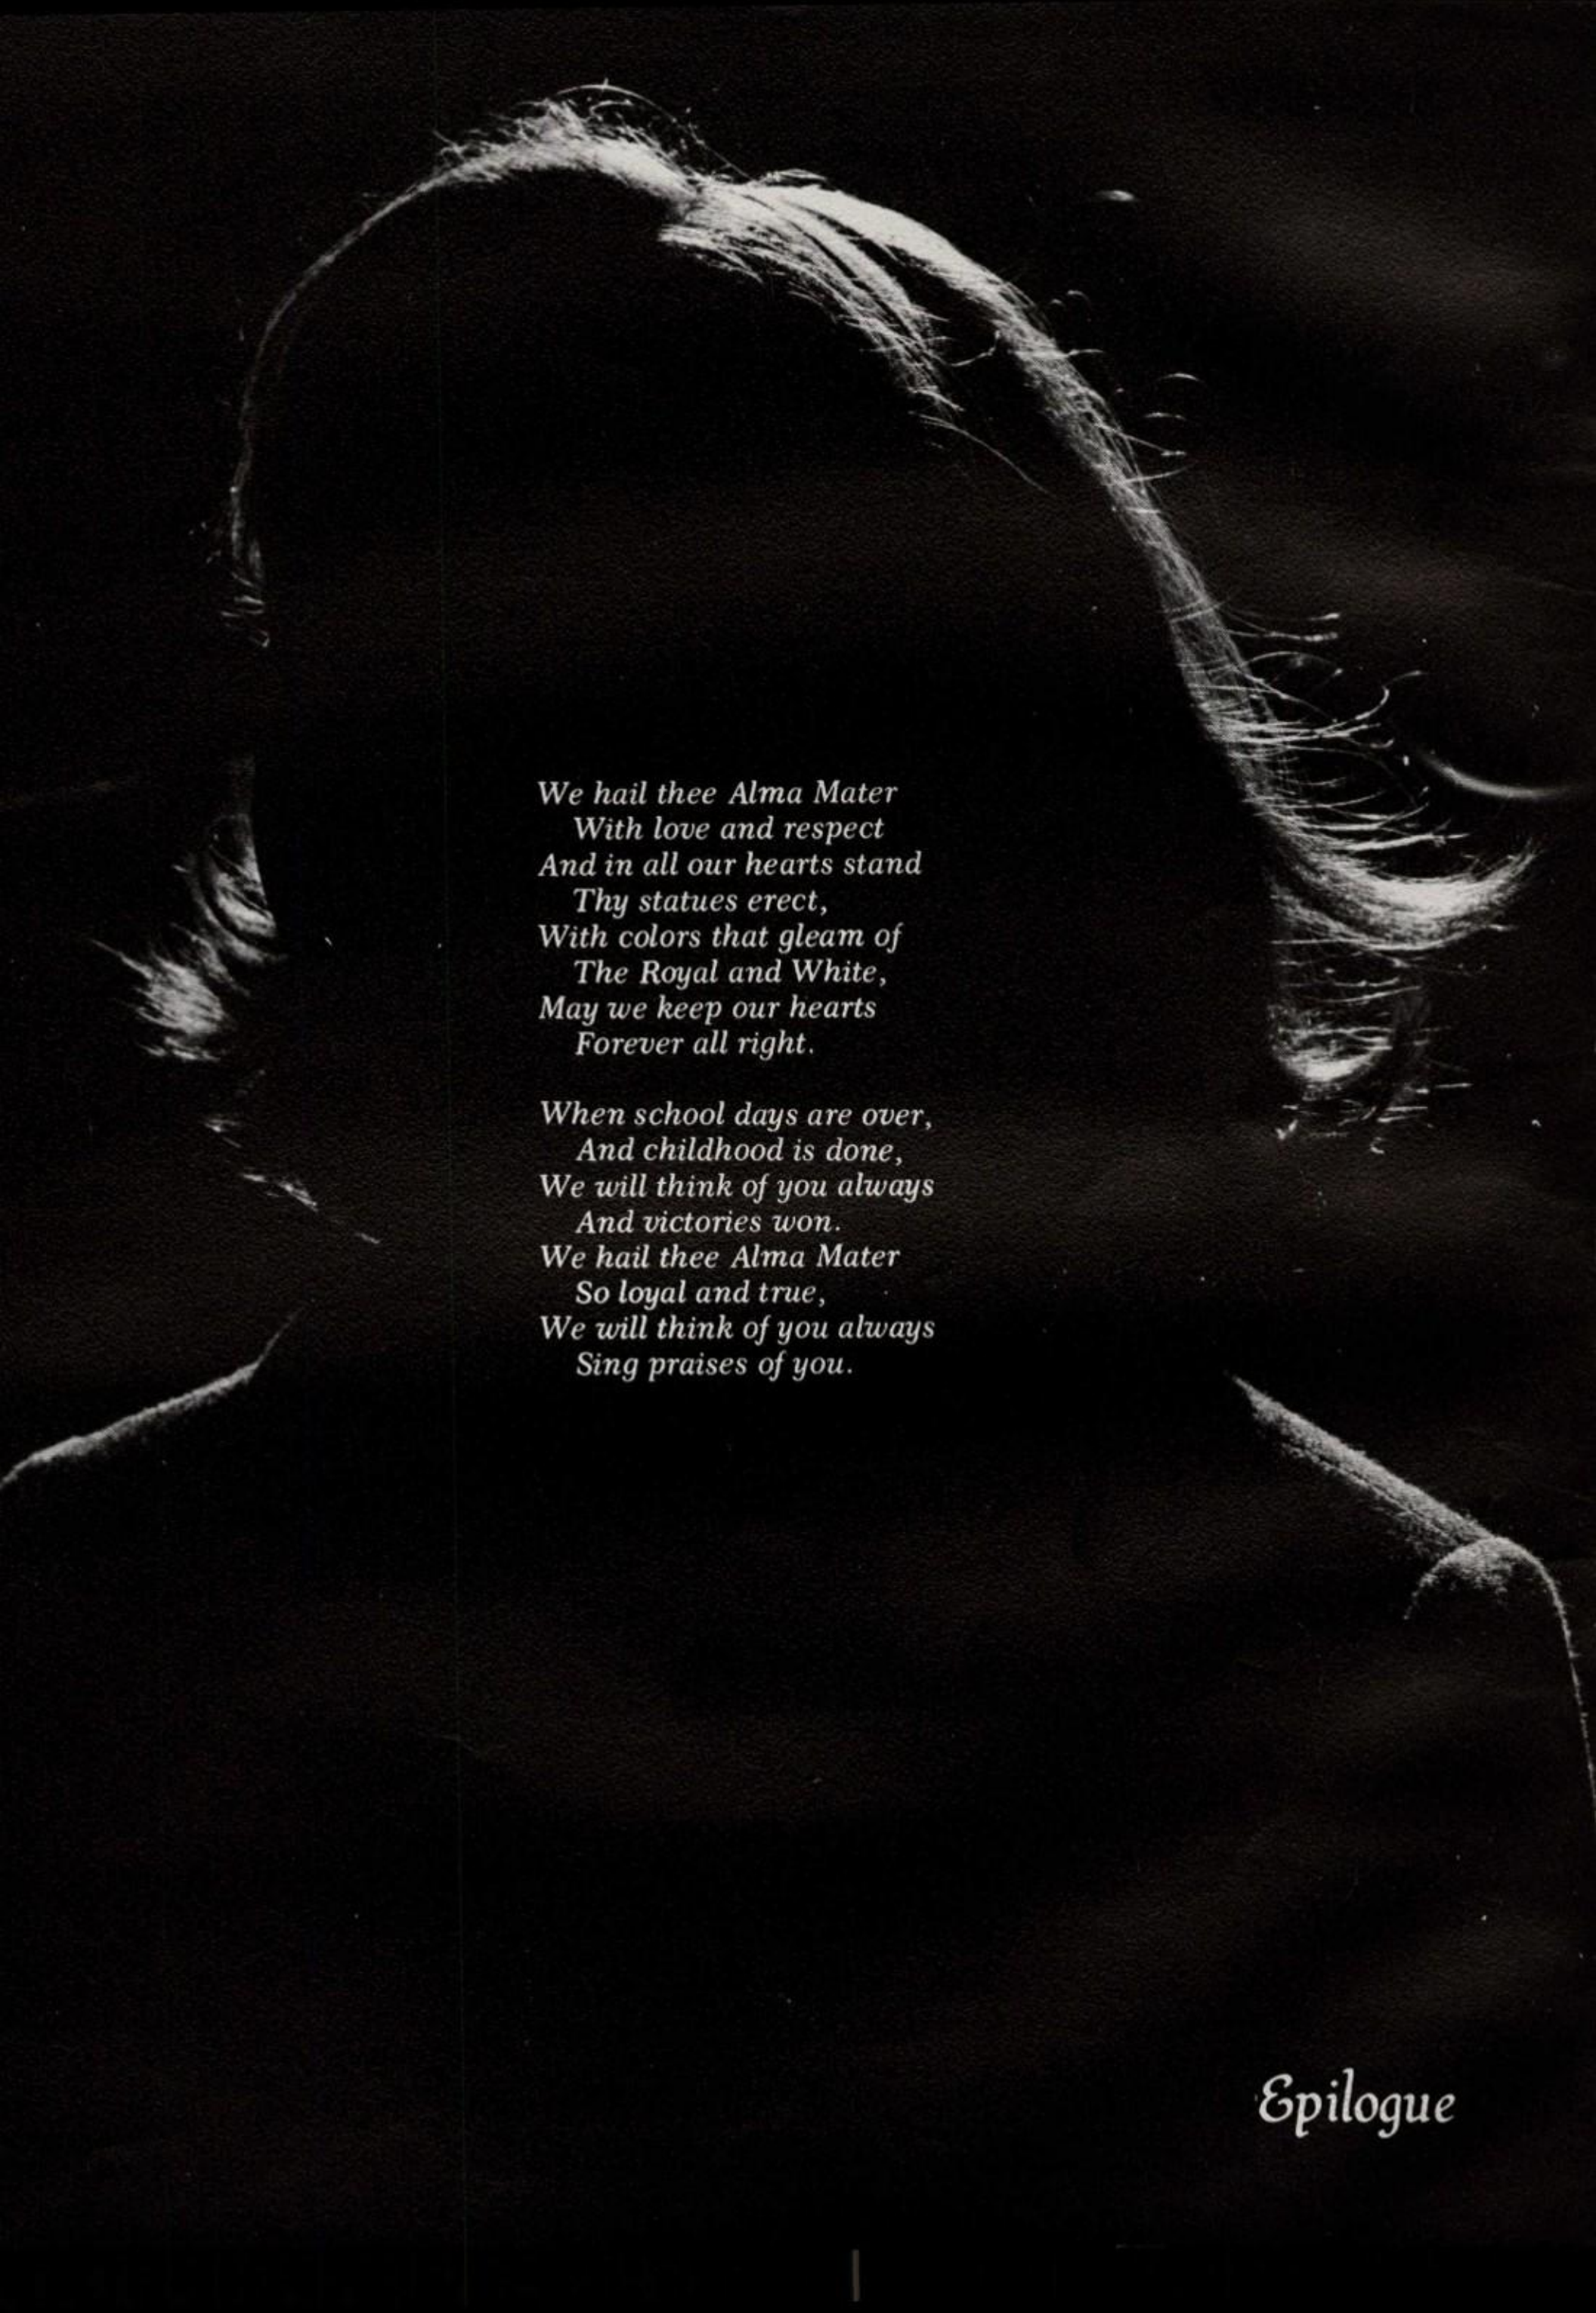

Generally the world of sports is a man's realm in which there is little chance for a girl. Here at Wampee, there is only one recourse for a sports minded female — Girls' Basketball. Gretchen Lewis displays her great athletic ability on the basketball court. Her fierce confidence and her great ability, couple to make her the type of ball player to be selected All-Conference two years in a row. Gretchen is highly intelligent and shines in the classroom as well as on the playing court. Her ideas, like her playing style, are original and uncompromising.

*Through Halls Of Splendor

And in all our hearts stand
Thy statues erect,

We will think of you always
And victories won.
We hail thee Alma Mater
